

# Show of talent and rewards for hard work

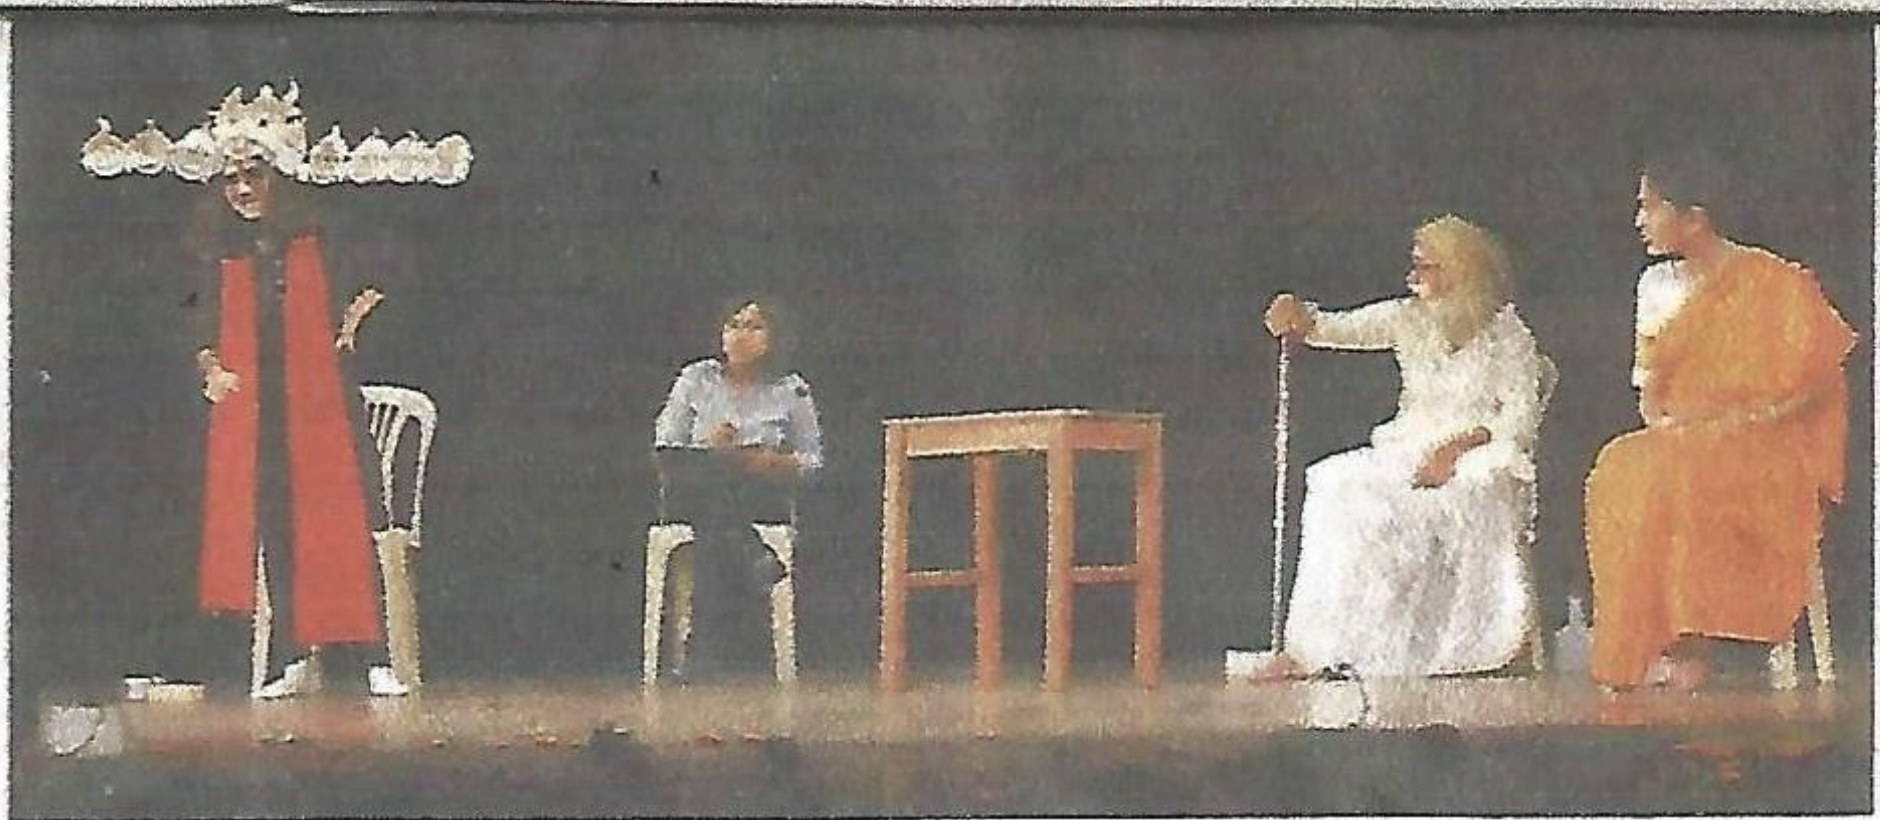

Kalakosh, hosted by South Point High School under the auspices of MP Birla Smarak Kosh, involved a series of inter-school events where the participants not only competed against each other but bonded and learnt many things. "In events like these, the students get a platform to think and be themselves. This is a good opportunity for students to come together and celebrate their acquired skills and explore their talent. This is more than a competition," said principal Rupa Sanyal Bhattacharjee.

**Satragi:** Twenty-four participants from eight schools took the stage for Satragi, an inter-school singing competition moderated by actor Samik Sinha. Budding singers proved their potential in various genres of music in the three rounds of the competition. From popular classical songs to devotional numbers and a round of proving their mettle with a song of the judges' choice, the participants braved it all. South Point High School lifted the winner's trophy while The Heritage School and Mahadevi Birla World Academy received the second and third prizes respectively. Sanchari Sengupta of Class XII, South Point High School, received the Best Singer award.

**Masquerade:** From addressing social and environmental issues to light-hearted presentations, Masquerade, the inter-school one-act play competition, was a colourful watch. Eight schools from the city presented an original or adapted script reflecting the future consequences of a present scenario prevailing in society.

A modern-day group therapy session attended by the main characters from the Ramayana was a fun watch as students from The Heritage School portrayed the turmoil faced by each character. Titled *The Chaos Theory*, this fresh perspective on the epic won the school the first position in Masquerade. Soumit Basu of Class VII, The Heritage School, received the Best Actor Male award for playing the character of Hanuman.

Gokhale Memorial Girls' School bagged the second prize with their production *Joyee-ke chai*. The act revolved around a 12-year-old girl who finds happiness in the simplest of things but is forced by society to live in a certain way. Succumbing to the pressures of society, Joyee loses herself somewhere down the line, as her innocence and simplicity are killed in the process of trying to please everyone around her.

Students of The Heritage School present *The Chaos Theory* for which they won the first position in Masquerade

Yubasana Kapas of Class X, Gokhale Memorial Girls' School, received the Best Actor Female award for her performance in the role of Joyee. "It was quite challenging to play Joyee as she was not like me. She is shy. The society shapes Joyee in such a way that her childhood friend cannot

recognise her," said Yubasana.

Mahadevi Birla World Academy took the audience and judges on a tour of how the situation would be if there was a power flip. Their production, *The Number Game*, spoke about how being less in number is not being inferior and won the third

prize. South Point High School, on the other hand, depicted how the inhabitants of a war zone struggle to survive. *Tug-of-war* won the Judges' Choice award.

**Q-point:** An interesting quizzing session, Q-point had the participants racking their brains to work out answers. The preliminary round was conducted at the auditorium where 14 schools proved their potential. Eight lucky schools took the stage to participate in the following rounds conducted by Quizmaster Charanpreet Singh. The home team lifted the Champions' trophy while Garden High School and St Xavier's Collegiate School secured the second and third positions respectively. The Best Quizzard award was bagged by Anushko Mandal, Class XII, South Point High School.

**Cerebrate:** Six teams participated in the inter-school debate competition and spoke at length to argue for and against the motion, "Global warming is a hypothesis to keep people in a state of needless fear". Moderated by Kunal Sarkar of Calcutta Debating Circle, the debate had the students pointing out the ignorance of citizens about legal rights to protect the environment and capital investment in eco-friendly measures. Some highlighted the devastating effects of global warming to highlight the dangerous aspects of climate change. The team from Mahadevi Birla World Academy won the first prize while Birla High School and Lakshmipat Singhania Academy secured the second and third positions respectively. Ananya Dutta of Class XII, Mahadevi Birla World Academy, received the Best Speaker award.
