

SOUTH POINT HIGH SCHOOL
An OHSAS 18001:2007 Certified Institution
Affiliated to Central Board of Secondary Education

April 13, 2020

Dear Parents,

We are passing through an unusual phase in which life as we know it seems to have changed dramatically, but we hope you are keeping safe by staying indoors. We are concerned about the physical and mental health of our pupils, and of course, all of you. It is truly a testing time and we feel that we have to keep our children occupied with digital versions of usual school activities so that they make good use of the time they are spending at home now.

We had planned to launch the school app/revamped parent portal during the course of the present academic year 2020-21. This app/portal allows school administrators and teachers to effectively communicate with parents about upcoming assignments and share attendance information, homework, important notices, useful links, videos and photos, school calendar and messages. Parents will be able to download and view Fee Receipts, Report Cards and make online payments for certain fees/charges etc.

However, in the prevailing situation despite not having enough time for putting it through enough tests and trials, we would like to launch our mobile app / revamped parent portal immediately with very limited features for the time being. Through the app/portal we will strive to publish assignments/homework to keep students occupied gainfully as well as use it for communicating with parents, till the School reopens. We will try to progressively introduce other features of the app in the near future. We hope that the guardians bear with the shortcomings for the time being and be as wonderfully cooperative and patient as they have been in this strange and uncertain period.

The School app “Skolaro” can be downloaded from Google Play/Apple store. The parent portal can be accessed by visiting www.skolaro.com and clicking on “Login”. Parents can log in with their user name being the prime Email ID / Mobile number (10-digit number without +91) as is provided in the school records. For first time login a generalised password “parent123” is to be used, which must be reset by the parents after the first login. Login ID and password will also be sent by the Skolaro team through email and SMS, for your convenience. Parents of siblings studying in both South Point School and South Point High School, already have access to the app/portal and both the children’s names should reflect in the same. In addition to that, it may kindly be noted that the User ID and passwords for parents whose wards are in Class VI (2020-21) continue to remain the same as they were in Class V (2019-20). In case of any issue faced while logging in for the first time, please send an email to the Skolaro team at support@skolaro.com who will try to respond within 48 hours.

We look forward to a successful endeavour, once again with your support.

Thank you
Principal
