## **NOTICE**

Dear Parents,

As we are committed to making the current Skolaro app/Web portal more feature packed and user friendly, we have recently introduced another feature which gives you the facility to view your ward's profile and the ability to edit and update your mobile number, email address and your office details. The feature for editing of mobile number and email address through the app/portal will be open only for seven days from the date of notification, but the editing of office details will remain open always.

Please take this opportunity to correct your mobile no. and email address once again. These two modes of communication are important as we plan to introduce more online services for the benefits of students at large in the coming days.

Thank you.

Principal
