## **NOTICE : Nursery – Class V**

Dear Parents,

As we come to the end of the academic session, 2020-2021, we take this opportunity to thank you for your unstinted support without which we would not have been able to sail through these turbulent times. Indeed, the pandemic has taught us to remain tenacious, resilient and positive. The unprecedented circumstances have not only strengthened our bond but have enriched us with a wonderful learning experience. The virtual mode of teaching-learning provided both teachers and students alike with new avenues to explore and learn, and soon all of us adapted ourselves to this new norm. You took over the role of the substitute teacher at home, assisting your children with their online classes, familiarizing yourselves with various apps and aided us in keeping all lines of communication open.

You have already been informed about the last working day of the 2020-21 session and the beginning of the new session. Kindly take note of the following:

- All pupils will be promoted to the next class, considering the existing circumstances.
- The Nursery Report Cards will be dispatched from School by courier by March 12, 2021, to reach your recorded address.
- The Report Cards of the students of Transition – Class III will be uploaded on the School App on March 15, 2021 and those of Classes IV & V on March 18, 2021.
- Notices related to purchase of uniform and books and fee structure for the next academic year will follow soon.
- You may kindly place order for the books for the new session as soon as you receive information regarding the same.
- It is important that fees for the current academic session up to March 2021 is cleared by all parents, to enable their wards to join classes in the next academic session. Please contact the School office in case your fee is still lying unpaid.

We wish your wards all the best for the new session and hope that the coming year sees quick resumption of normalcy in our lives when we are able to return to physical classes once School is allowed to reopen.

Looking forward to your continued cooperation,

Thank you

**Principal**
