## **NOTICE – TRANSITION**

Dear Parents,

We have always welcomed and valued your suggestions. As requested by you, we are planning to introduce an additional period every Tuesday, in your child's online class schedule, from the week starting July 12, 2021. The details for the same will be shared in class. Henceforth, your wards will be having one class everyday from Monday to Friday.

We are hopeful that your children will really benefit from these classes.

Looking forward to your constant cooperation and your suggestions to help us evolve and improve our quality of education.

Thank you.
