An ISO 45001:2018 Certified Institution

Affiliated to Central Board of Secondary Education

Circular No.40/P&G/2021-22

September 29,2021

Dear Parents / Guardian,

**Circular for Parents / Guardian of the pupils of Class X (2021-22)**  
**Sub: Admission to Class XI for the academic session 2022-23**

You are well aware that your ward is being prepared for AISSE 2022, following the guidelines of CBSE. Being parents, you are also waiting for the School to declare its admission policy for Class XI (2022-23). Since last year the School has had to deviate from its usual policy and adapt itself to changes demanded by the pandemic. To begin the process of admitting its pupils, it's important that the School knows the choice of subjects for its pupils. Hence, it will be releasing an Option Form on **Friday October 01, 2021 at 5:00 pm**. It is mandatory for all pupils of Class X, interested in continuing their education in Class XI at South Point High School to exercise their choice of stream, session and subjects via the Option Form. The link to the form will be posted in **"21-22: Parent X" group in Skolaro**. The form may be accessed using the O365 email ID and password of your ward in the edu.in domain which they use in MS Teams. The form can be submitted only ONCE, so please ensure that you do not require any further changes after the form is submitted. For two siblings trying to fill the Option Form for Class XI, the two different O365 credentials of the two pupils may be used. **The Form will remain active till 5:00 pm on Monday, October 11, 2021.**

We would like to inform you about the criteria that will be followed to select pupils for admission to Class XI, Academic Session 2022-2023. Please note that due to limited number of seats, all pupils cannot be admitted to Class XI, especially to the streams / subjects / sessions of their choice.

Pupils who opt to study under any stream (Science, Commerce or Humanities) will be considered for provisional admission on the basis of their performance in all relevant Internal Assessments of Class IX (2020-2021) and all Internal Assessments held for Class X till the date of publishing of the Merit List. Disciplinary record of the pupil will also be considered for granting admission.

A Merit List based on the aforesaid criteria will be published on **Friday, November 12, 2021 at 3:00 pm**. The Merit List will be uploaded on the School website in the "Admission to Class XI" section. Pupils / parents are not required to come to School physically to check the Merit List for all the streams as the lists will also be posted through Skolaro in the same group "21-22: Parent X". The admission process of the selected pupils will begin from **Monday, November 15, 2021**. Parents are to note that the admission process will be deemed to have been completed only after the form has been filled and the required fee has been collected. Seats cannot be reserved unless payment is received, and if found otherwise will be offered to those whose names appear in the consequent lists of the three streams. Parents may also note that payments will be accepted by the School via demand draft as well as through debit / credit cards at the School fee counter. If cards are used for fee payment, it is advisable that parents check the daily usage limit of the same from their respective banks.

Pupils who cannot be offered admission to the Science Stream on the basis of the first Merit List will be required to appear for an Admission Test (Physics, Chemistry and Mathematics) on **Saturday, November 27, 2021**. The new Merit List will continue to have

a stake of all relevant Internal Assessments of Classes IX and X. The timing and mode (Online / Pen-paper) pertaining to the Admission Test will be notified in due course.

All pupils aspiring to study under the Humanities Stream, who could not make it to the first list, will have to take an Admission-cum-Eligibility Test (English and Mathematics) on **Saturday November 27, 2021**. The new Merit List will continue to have a stake of all relevant Internal Assessments of Classes IX and X. The timing and mode (Online / Pen-paper) pertaining to the Admission-cum-Eligibility Test will be notified in due course.

The details of the subjects offered, and the different combinations of subjects allowed in Class XI, in Morning and Afternoon sessions is attached herewith for a ready reference. It is also available on the School website in the "Admission to Class XI" section. It may please be noted that a subject included in the list may not be offered, if a minimum number of pupils do not opt to study the subject in Class XI.

Kindly note that admission granted will be provisional, as pupils selected for admission are compulsorily required to obtain at least 60% in the aggregate in AISSE 2022. We request all parents / guardian to take note of the above information and exercise the option for Stream Selection by filling in the Option Form.

Those who fail to submit the option form in time cannot be considered for admission under any circumstances.

The provisional admission process is expected to be completed by **December 2021**. Provisionally admitted pupils will be notified in due course of time about the commencement of Class XI.

Thank you

Yours faithfully,

Principal

**Science:**
