NOTICE : NURSERY TO CLASS V

Dear Guardians,

The school in its endeavour to continue to provide increased safety and security to the students who are availing the school bus services, has decided to allow access to all guardians to the bus tracking solution App “*NStud My School Bus*”. The App will be available from September 01, 2022 and guardians can use the app to track the movement of their ward's school bus on real-time basis and get useful alerts.

Some of the key features of solutions are -

Proximity alert for pick-up and drop: Guardians will be notified through the *NStud My School Bus* app as soon as their ward's school bus approaches his/her pick-up or drop location.

Check the location of the bus: Parents can see the real-time location of their ward's school bus while the bus is in transit.

Note: The tracking of the school bus in the My School Bus App is indicative and near real. The correctness of the information is dependent on third-party external factors, which are beyond the control of the App. provider NrXen IT Technologies or the School.
