

SOUTH POINT SCHOOL

An ISO 45001:2018 Certified Institution

NOTICE : CLASSES II & III

Dear Parents,

We would like our pupils to grow up into socially responsible citizens. Even at this tender age, we wish to teach them to lend a helping hand and give back to society in every little way. It is with this ideal in mind, that we started our project of 'Reaching Out' for the less-privileged, in the Diamond Jubilee Year of South Point.

As part of this project, we request every child to bring a minimum of one potato and one onion on September 14, 2022. The collection will be donated to a non profit organisation.

Thank you

Principal
